I'm seeking re-election to serve as a councillor for a third term. I have acquired the knowledge and skills set to further contribute to the betterment of all rate payers and residents of the Shire.

I have a strong belief in the future of agriculture, the Shire's main industry and keen to support and encourage businesses within the towns, to foster healthy economic and social growth.

I agree to build on the Shire's tourism advantage by supporting the proposed Hyden Visitors and Cultural Centre with the vision this will become a catalyst for the three towns to benefit from.

As the current Work's Committee Chair, I understand the complexity of managing the Shire's large network of unsealed roads and continued improvements required to ensure road safety.

If re-elected as your representative on the Shire, I will look forward to working with a strong team to advance the interest of all our communities.
