0 REPORTS OF OFFICERS

L CHIEF EXECUTIVE OFFICER

L.4 Disbanding of the Shire of Kondinin Infrastructure and Assets Committee and Medical and Community Services Committee

FILE NUMBER:

DATE: 17 July 2026

AUTHOR: Bruce Wright, Chief Executive Officer

AUTHORISED OFFICER: Bruce Wright, Chief Executive Officer

DISCLOSURE OF INTEREST: Author - Nil

Authoriser - Nil

ATTACHMENTS:

1. Terms of Reference - Infrastructure and Assets Committee
2. Terms of Reference - Medical and Community Services Committee

RECOMMENDATION

That Council, by absolute majority:

1. Pursuant to section 5.8 of the *Local Government Act 1995*, disbands the Infrastructure and Assets Committee and the Medical and Community Services Committee; and revokes the Terms of Reference for each of those committees with effect from the conclusion of this meeting.
2. Pursuant to section 5.10(3) of the *Local Government Act 1995* and section 52 of the *Interpretation Act 1984*, revokes the member appointments for those Committees.
3. Transfers all existing Committee work programs, action trackers, reporting frameworks and business arising into the Ordinary Council Meeting process through standing reports and Council briefing arrangements.
4. Requests the Chief Executive Officer to update the Committee Membership Register, meeting schedule, Delegations Register (including revoking any delegations made to those Committees under section 5.16) and internal reporting arrangements accordingly.

SUMMARY

The purpose of this report is for Council to consider disbanding the Infrastructure and Assets Committee and the Medical and Community Services Committee.

The intent is not to discontinue or reduce the work currently being progressed through those Committees. The intent is to transfer that work into the full Council forum through standing reports, action trackers, agenda briefing sessions and Ordinary Council Meeting reports.

The Shire has seven Councillors representing three towns. Councillors also have external committee obligations, statutory obligations, civic responsibilities, business commitments and Ordinary Council Meeting responsibilities. Maintaining additional internal Committees has increased meeting frequency and Councillor workload.

The proposed change will improve efficiency, reduce meeting commitments, and allow all Councillors to participate in discussions on infrastructure, assets, housing, medical services, aged care, community services and community development matters.

VOTING REQUIREMENT

Absolute Majority

COUNCIL'S ROLE

Executive

The substantial direction setting and oversight role of the Council. E.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

BACKGROUND

At the commencement of the 2025-2027 Council term, Council appointed members to a range of internal and external committees and representative groups.

The Committee Membership Register records Councillor representation on a number of external groups and statutory bodies, including: Regional Road Groups, RoeROC, Eastern Wheatbelt Biosecurity Group, WALGA Great Eastern Zone, DFES ROAC, JDAP, LEMC and ARIC. Councillors are also currently appointed to the Infrastructure and Assets Committee and the Medical and Community Services Committee.

The Infrastructure and Assets Committee was established to focus on matters such as housing, buildings, roads, plant, fleet, asset management planning and long-term infrastructure sustainability. The Committee has commenced important work including action tracking, asset reporting, housing framework development, fleet and plant framework development, building framework development and Asset Management Plan / Long-Term Financial Plan alignment.

The Medical and Community Services Committee was established to focus on health, medical services, aged care, community services and community development matters. These matters remain important and will continue to be considered by Council.

It is now considered that the work of both Committees can be more effectively progressed through the full Council forum. This approach will ensure that all Councillors receive the same information, participate in the same discussions and maintain visibility over the full work program.

The Shire has a long-standing practice of holding agenda and briefing sessions prior to Ordinary Council Meetings. The next scheduled Committee meetings on 22 July 2026 are immediately prior to the Ordinary Council Meeting and encroach on that briefing process. Transferring Committee work into standing Council reports will preserve the work already commenced while reducing competing demands on Councillor and officer time.

Disbanding the Committees does not discontinue any current action, project, framework or reporting matter. Existing work plans, action trackers, reporting frameworks and forward agenda matters will transfer to the Ordinary Council Meeting process.

The Community Development Officer will also have a greater role in ensuring community-related matters are communicated, disseminated and consulted on across the Shire. This will support a stronger community outcomes focus and ensure matters affecting Kondinin, Hyden and Karlgarin are appropriately considered.

FINANCIAL

A corresponding reduction in Councillor sitting fees will be achieved.

There may be minor administrative efficiencies through reduced agenda preparation, minute preparation, officer attendance and meeting time. The primary benefit is improved governance efficiency and the better use of Councillor and officer time.

Any financial implications arising from matters previously considered by the Committees will continue to be reported to Council through the Ordinary Council Meeting process.

RISK

The main risk is that existing Committee work could lose visibility once the Committees are disbanded.

This risk is mitigated by transferring all work programs, action trackers, reporting frameworks and business arising into standing Council reports and briefing arrangements.

There is also a risk that matters previously considered in detail by the Committees could receive less focused attention. This is mitigated by ensuring standing reports continue to cover infrastructure, assets, housing, fleet, buildings, medical services, aged care, community services and community development matters.

The proposed approach may reduce governance risk by ensuring all Councillors are involved in strategic discussions, rather than limiting those discussions to smaller Committee memberships.

Overall, the risk is considered low and manageable.

POLICY

The Terms of Reference for the Infrastructure and Assets Committee and the Medical and Community Services Committee will be revoked if Council adopts the recommendation.

The Audit Risk and Improvement Committee is not affected by this report.

The Committee Membership Register, meeting schedule and internal reporting arrangements will need to be updated administratively. The Delegations Register should also be checked to confirm whether any consequential amendment is required.

STATUTORY

Section 5.8 of the Local Government Act 1995 provides that a local government may establish committees of three or more persons to assist Council. Establishment of a committee requires an absolute majority decision. As Council has the power to establish a committee, it may also resolve to discontinue or disband a committee established for that purpose.

Section 5.10 of the Local Government Act 1995 deals with the appointment of committee members. Committee appointments are made by Council by absolute majority.

Section 5.10 also provides that section 52 of the Interpretation Act 1984 applies to appointments of committee members. Section 52 of the Interpretation Act 1984 provides that where a written law confers a power to make an appointment, that power includes the power to remove or suspend a person appointed. This supports Council revoking the member appointments to the Committees.

Section 5.16 of the Local Government Act 1995 allows Council to delegate certain powers and duties to committees by absolute majority. If any delegation or authority is identified as applying to either Committee, it will be reviewed and revoked or amended as required. No decision-making authority is proposed to be transferred to another committee through this report.

Section 2.7 of the Local Government Act 1995 provides that Council governs the local government's affairs and is responsible for the performance of the local government's functions. Council's role includes overseeing finances and resources, determining policies, planning strategically, determining services and facilities, and providing strategic direction to the Chief Executive Officer.

Section 5.41 of the Local Government Act 1995 provides that the Chief Executive Officer is responsible for managing the local government's administration and operations, implementing Council decisions, and determining procedures and systems for administration. The recommendation preserves Council's strategic role while enabling the Chief Executive Officer to manage the revised reporting and administrative arrangements.

Section 5.22 of the Local Government Act 1995 requires minutes of Council and committee meetings to be kept and confirmed. Any outstanding Committee minutes or business arising will be dealt with through the appropriate Council process.

STRATEGIC

Theme

4. CIVIC LEADERSHIP

Goal

4.2 We are a compliant and resourced Local Government

4.1 Skilled, capable and transparent team

Strategy

4.2.1 External audits and reviews confirm compliance with relevant Local Government legislation

4.1.2 We are inclusive and our communities feel heard

4.1.5 The capability of our organisation is continually improved

COMMENT

The Infrastructure and Assets Committee and Medical and Community Services Committee have served a useful purpose in establishing work programs and identifying key matters for further consideration.

The next step is to bring that work into the full Council forum.

This will reduce meeting frequency, improve efficiency and ensure all Councillors have visibility of infrastructure, asset, medical, community and aged care matters. It will also allow the Shire's existing agenda briefing process to continue without being compressed by additional Committee meetings immediately before the Ordinary Council Meeting.

No work will be lost. The agreed work plans, action trackers, reporting frameworks and forward agenda items will transfer into the Ordinary Council Meeting process.

The recommendation is supported because it provides a more efficient governance structure while preserving continuity, accountability and Council oversight.

CONSULTATION

Councillors

Executive Management Team

Community Development Officer

(Community consultation is not required to disband the Committees. Consultation on substantive community, infrastructure, medical or service matters will continue where relevant)

SHIRE OF KONDININ

INFRASTRUCTURE & ASSETS COMMITTEE

Terms of Reference

Infrastructure and Assets Committee Terms of Reference

1. Purpose

The Infrastructure and Assets Committee (“the Committee”) is established by Council to provide strategic oversight and guidance on the planning, management, and maintenance of the Shire’s infrastructure and assets. The Committee ensures that assets are managed sustainably, efficiently, and in line with community expectations and legislative requirements.

2. Legislative Basis

The Committee is established under the provisions of the Local Government Act 1995, including relevant regulations and council policies.

It supports the Council in fulfilling its responsibility for:

- Strategic asset management
- Infrastructure planning and delivery
- Compliance with relevant legislation and standards

3. Objectives

The key objectives of the Committee are to:

1. Provide oversight of the Shire’s asset management planning, including long-term asset sustainability.
2. Ensure infrastructure investment aligns with strategic priorities and community needs.
3. Monitor the performance, condition, and lifecycle management of council-owned assets.
4. Promote cost-effective and efficient service delivery through prudent asset management.
5. Review risk management related to infrastructure and assets.
6. Advise the Council on major infrastructure projects, renewals, and disposals.

4. Membership

The Committee will comprise:

- Three Councillors (including one as Chairperson, if appointed by Council).
- The Chief Executive Officer and relevant senior officers may attend meetings to provide advice and information but are non-voting members.

Membership terms are for two years, renewable by Council resolution.

5. Roles and Responsibilities

The Committee is responsible for advising the Council on matters including, but not limited to:

5.1 Strategic Planning and Asset Management

- Review and provide guidance on the Asset Management Plans and related strategies.
- Monitor the implementation of the Long-Term Financial Plan with respect to infrastructure funding.
- Review and advise on capital works programs, including prioritisation and funding strategies.

5.2 Infrastructure and Project Oversight

- Assess major infrastructure projects to ensure alignment with strategic objectives.
- Monitor project delivery, including timelines, budgets, and risk mitigation.
- Provide recommendations for approvals or adjustments to major projects.

5.3 Risk Management

- Review risks related to the Shire's infrastructure and assets.
- Ensure mitigation strategies are implemented for critical asset risks.
- Provide oversight of compliance with relevant health, safety, and environmental regulations.

5.4 Maintenance and Performance Monitoring

- Monitor the condition and performance of major assets (roads, buildings, parks, utilities).
- Review asset maintenance programs to ensure efficiency and cost-effectiveness.
- Promote continuous improvement and innovation in asset management practices.

5.5 Reporting

- Prepare reports and recommendations for Council consideration on key matters.
- Provide guidance on infrastructure funding strategies, grant opportunities, and partnerships.

6. Authority

The Committee is authorised by the Council to:

- Access relevant information and documents required for decision-making.
- Consult with external experts and advisors as needed (at Council expense).
- Make recommendations to the Council.

The Committee does not have delegated authority to make final decisions.

7. Meetings

- The Committee will meet at least quarterly, or more frequently if required.
- A quorum consists of a *majority* of members.
- Minutes shall be recorded and presented to Council at the next ordinary meeting of Council after the committee meeting.

8. Reporting

- The Committee shall submit a written report to the Council after each meeting summarising key discussions, decisions, and recommendations.
- Annually, the Committee shall provide a summary report outlining the state of assets, infrastructure performance, and key initiatives.

9. Review

- These Terms of Reference will be reviewed annually by the Committee and Council to ensure they remain relevant and aligned with legislation, community needs, and best practice.

SHIRE OF KONDININ

MEDICAL & COMMUNITY SERVICES COMMITTEE

Terms of Reference

Medical & Community Services Committee Terms of Reference

1. Purpose

The Medical and Community Services Committee (“the Committee”) is established to provide strategic oversight, advice, and guidance to the Council on the planning, delivery, and sustainability of local medical, aged care, and community services.

The Committee's role is to support Council in ensuring that the Shire's residents have equitable access to essential health and wellbeing (community) services, and that these services are managed in a sustainable, coordinated, and community-focused manner.

The Committee will assist Council in the planning, coordination, and delivery of initiatives that strengthen community connections, enhance quality of life, and promote the social, cultural, and recreational wellbeing of residents.

2. Legislative Basis

The Committee is established under the provisions of Section 5.8 of the Local Government Act 1995, including relevant regulations and council policies.

3. Objectives

The key objectives of the Committee are to:

1. Provide oversight and advice on the delivery and sustainability of medical and health services within the Shire.
2. Support the planning, coordination, and improvement of aged care facilities and services.
3. Advise Council on strategies and initiatives that promote community wellbeing, social inclusion, and resilience.
4. Monitor partnerships, funding, and service delivery arrangements with external health and community service providers.
5. Identify opportunities to improve local access to medical practitioners, allied health professionals, and aged care programs.
6. Ensure that community and aged care services align with the Shire's Strategic Community Plan and Corporate Business Plan (as amended and to incorporate the Council Plan).
7. Advise Council on strategies, plans, and programs that promote community engagement, health, and wellbeing.
8. Support initiatives that encourage volunteering, youth development, seniors' participation, disability access, and inclusion.
9. Monitor and provide input into the implementation of the Community Strategic Plan, or similar strategies.
10. Identify and advocate for funding opportunities, partnerships, and collaborations with government, non-profit, and community organisations.

11. Provide input on the use, development, and management of community facilities, services, and events.
12. Support Council in responding to emerging community issues and priorities.
13. Make recommendations to Council to ensure programs and services are inclusive, accessible, and sustainable.

4. Membership

The Committee will comprise:

- Three Councillors (including one as Chairperson and one as a Deputy Chairperson).
- The Chief Executive Officer and relevant senior officers may attend meetings to provide advice and information but are non-voting members.
- Up to three (3) community representatives appointed by Council.
- Representatives from community organisations, agencies or service providers (as required).

Membership terms are for two years, with tenure being exhausted immediately after the next local government elections.

5. Roles and Responsibilities

The Committee is responsible for advising the Council on matters including, but not limited to:

5.1 Medical Services

- Monitor the availability, sustainability, and performance of contracted local medical and allied health services.
- Provide input into strategies for doctors and health professionals retained by the Shire.
- Support Council's role in facilitating or managing medical service agreements and facility leases.
- Identify gaps in medical or emergency service provision and recommend strategies to address them.

5.2 Aged Care Services

- Review the adequacy of aged care facilities and services, including residential care, in-home support, and social programs.
- Advise Council on aged care infrastructure needs, partnerships, and funding opportunities.
- Promote initiatives that support ageing in place and improve the wellbeing of older residents.

5.3 Community Services

- Oversee planning and coordination of community support programs, volunteer services, and wellbeing initiatives.
- Review and recommend actions to enhance access, inclusion, and participation in community life.
- Advise on community service priorities and alignment with broader regional health and wellbeing strategies.

5.4 Partnerships and Advocacy

- Foster collaboration with government agencies, non-profit organisations, and private providers to improve service delivery.
- Identify and advocate for external funding opportunities and strategic partnerships.
- Advise Council on emerging issues or reforms impacting health, aged care, or community services in regional WA.

5.3 Risk Management

- Review risks related to the Shire's community services and health services.
- Ensure mitigation strategies are implemented for critical risks.
- Provide oversight of compliance with relevant health, safety, and environmental regulations.

5.5 Reporting

- Prepare reports and recommendations for Council consideration on key matters.
- Provide guidance on infrastructure funding strategies, grant opportunities, and partnerships.

6. Authority

The Committee is authorised by the Council to:

- Access relevant information and documents required for decision-making.
- Consult with external experts and advisors as needed (at Council expense).
- Make recommendations to the Council.

The Committee does not have delegated authority to make final decisions.

7. Meetings

- The Committee will meet at least quarterly, or more frequently if required.
- A quorum consists of a *majority* of members.
- Minutes shall be recorded and presented to Council at the next ordinary meeting of Council after the committee meeting.

8. Reporting

- The Committee shall submit a written report to the Council after each meeting summarising key discussions, decisions, and recommendations.
- Annually, the Committee shall provide a summary report outlining the state of assets, infrastructure performance, and key initiatives.

9. Review

- These Terms of Reference will be reviewed annually by the Committee and Council to ensure they remain relevant and aligned with legislation, community needs, and best practice.

L.5 Community Contribution - Motion by the Ocean Inc. (Cycling Without Age Trishaw Initiative, Hyden)

FILE NUMBER:

DATE: 17 July 2026

AUTHOR: Kent Mouritz, Shire President

AUTHORISED OFFICER: Bruce Wright, Chief Executive Officer

DISCLOSURE OF INTEREST: Author - Nil

Authoriser - Nil

ATTACHMENTS: 1. Motion by the Ocean Inc - Newsletter

RECOMMENDATION

That Council:

1. Note the proposal by Motion by the Ocean Inc. to extend its Cycling Without Age Trishaw program to Hyden and the wider Wheatbelt community.
2. Authorises and includes an amount of \$1,000 in the 2026-27 annual budget as a contribution towards the establishment of the initiative, conditional on the initiative proceeding *within* the Shire.
3. Endorse the provision of a letter of support to Motion by the Ocean Inc. for its grant applications to the Foundation for Rural and Regional Renewal and GrainCorp.

SUMMARY

This report seeks Council's consideration and approval of a contribution of \$1,000 towards establishing the Cycling Without Age Trishaw initiative in Hyden and the wider Wheatbelt community, to be provided for in the 2026-27 annual budget, and to endorse the provision of a letter of support for the proponent's grant applications.

VOTING REQUIREMENT

Absolute Majority

COUNCIL'S ROLE

Executive

The substantial direction setting and oversight role of the Council. E.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

BACKGROUND

Motion by the Ocean Inc. is a registered charity that delivers free Trishaw rides for older people and people with limited mobility through its core program, Cycling Without Age Sorrento - described as Australia's most regular service of its kind. The organisation has demonstrated the model in regional settings, including delivery in Kalgoorlie and Esperance.

Following a proposal raised locally, the organisation has approached the Shire through the Shire President, to explore extending the Trishaw program to Hyden and the surrounding Wheatbelt

community. The organisation's Chief Executive Officer is visiting Hyden to discuss the initiative with the community.

The proponent is preparing grant applications to the Foundation for Rural and Regional Renewal (FRRR) and GrainCorp, and has requested a letter of support from the Shire outlining the value it places on strengthening social connection and wellbeing for older residents and people with disability.

A local co-contribution model is emerging. Support has been indicated from a number of local sponsors, including fuel companies and the Hyden Football Club, and the neighbouring Shire of Narembeen has offered in-principle (non-cash) support and assistance to facilitate attendance by their community members. A modest contribution of \$1000 from the Shire of Kondinin would complement this support and strengthen the proponent's grant applications.

This contribution was not part of the Shire's Community Grant funding round and is therefore proposed as a new item in the 2026-27 annual budget.

FINANCIAL

A one-off contribution of \$1,000, to be provided for as a new item in the 2026-27 annual budget.

It is not funded from the (already-allocated) Community Grant funding round.

No ongoing or recurrent contribution is sought at this stage.

RISK

Low. The financial exposure is minor and there is clear reputational and community-wellbeing benefit. Making the contribution conditional on the initiative proceeding manages the risk of funds being committed to a project that does not eventuate.

The recommendation creates no ongoing financial commitment.

POLICY

Nil

STATUTORY

Local Government Act 1995 s.3.1 - the general function of the local government to provide for the good government of persons in its district supports a contribution of this nature.

Local Government Act 1995 s.6.2 - the contribution is to be provided for as a new item in the 2026-27 annual budget. As a budgeted allocation, the expenditure is authorised through adoption of the annual budget and does not engage the additional-purpose provisions of s.6.8. (If the 2026-27 annual budget has already been adopted at the time of this decision, the contribution would instead be expenditure for an additional purpose requiring authorisation in advance by absolute majority under s.6.8(1).)

STRATEGIC

Theme

- 4. CIVIC LEADERSHIP
- 1. COMMUNITY

Goal

- 4.2 We are a compliant and resourced Local Government
- 1.5 Support local volunteer organisations

Strategy

4.2.1 External audits and reviews confirm compliance with relevant Local Government legislation

1.5.2 Community Grant Scheme is well subscribed

COMMENT

The initiative aligns with the Shire's interest in the wellbeing, social inclusion and continued community engagement of older residents and people with disability. The district has an ageing demographic profile, which increases the relevance of services that help residents remain socially connected as their mobility changes. (The proponent has referred to the district having a higher proportion of residents aged over 65 than the national average; confirm against current ABS / community profile data before finalising.)

A contribution of \$1,000 is modest and represents good value. It leverages significant external funding grants and multiple local sponsors and a local government contribution both signals genuine community backing and strengthens the competitiveness of the grant applications. As the contribution supports an external organisation delivering a service to Shire residents, it is recommended that the contribution be made conditional on the initiative proceeding within the district.

Providing a letter of support is low-risk and consistent with the Shire's facilitation role in community wellbeing.

CONSULTATION

WELCOME

3

A Powerful Start to 2026

Welcome to our Motion by the Ocean Autumn newsletter 2026!

Dear Friends,

Behind the scenes, it has also been an incredibly busy period for the charity. An updated website due to be go live, a newsletter and three impact reports all due at the same time, wasn't the plan!

One of our most warmly received programs from recent months has also now been funded to continue over the next 12 months. We look forward in sharing details when allowed.

This week also marks National Volunteer Week. It feels especially important to acknowledge the people who sit at the heart of everything we do. Passion alone does not sustain impact within a charity, volunteers do. We are incredibly grateful to our cohort for their time, energy, and compassion. You are very much valued.

Though we are constantly engaged delivering our programs, its a reminder that while our services are free, they are of course, not free to deliver. Unless the underlying, albeit , unseen operational costs are valued and funded, there are ultimately no free services to provide. Many of our expenses are no different to those of any for-profit organisation, our assets, our 7 insurances, maintenance, fuel, IT costs and project management are all very real costs. The difference is that with 60 volunteers and a part-time employee, we provide great bang for the buck for every dollar donated.

As we approach the end of the financial year, we would be incredibly grateful if you considered the value of our work.

We hope you enjoy this edition of our newsletter. As always, it is bright, colourful, filled with photos that tell our story and intentionally not too wordy.

Alanagh

Motion by the Ocean Inc

Autumn 2026 www.motionbytheocean.org.au

from BEACH TO BUSH Kalgoorlie

4

Our Beach to Bush program continues to bring joy and connection.

Across two full days, we delivered rides through Karlkurla Bushland Park and supported the Living Life Well: Seniors Expo at Kalgoorlie Town Hall, reconnecting with many familiar faces from our inaugural visit last year.

Without the support of our sponsors, this initiative simply would not have been possible. Delivering Beach to Bush involves months of planning, logistics, relationship building. It's important we are fully engaged with the people who can most benefit from our service and can access it.

A major part of the program's success in Kalgoorlie came from the incredible support of the Community Development team within the City of Kalgoorlie-Boulder. Their genuine willingness to engage, listen, connect people, and actively support the initiative made a significant difference to both the delivery of the program and the experience for participants.

We were also incredibly grateful to have our trusty bike service person and all round problem solver (and nice guy), Rob, travelling with the team. These are highly specialised bikes, and maintaining them to an excellent standard is essential to delivering safe and meaningful experiences for every participant.

We remain deeply grateful to everyone who helped make this initiative possible. We enjoyed ourselves as much as our beneficiaries did. With new connections formed, we have more to deliver for our next visit.

Powered by

Autumn 2026 www.motionbytheocean.org.au

BEACH TO BUSH Esperance

Likely Australia's most remote Cycling Without Age delivery, we were met by some truly exceptional people and communities throughout the experience.

As always, all rides were pre-booked to ensure those with limited mobility, and those who would benefit most from the experience, had the opportunity to participate.

We've been proudly celebrating this initiative since returning from Esperance and will continue to do so. One of our beneficiaries, Michelle, said it best. Her story has been pinned to the top of our Facebook page.

A significant and meaningful undertaking, but through its new connections, partnerships and friendships were formed, new ideas and learnings are already taking shape. Everyone deserves to stay socially connected and relevant within their own communities.

MOVING FOOD – nourishing community

6

Since launching in 2020, our Moving Food Program has grown into one of the most immediately impactful parts of what we do.

Thanks to the generosity and belief of WA Charity Direct, Hawaiian and EEO Specialists, we are sustaining the delivery of high quality meals and foodstuffs.

A huge part of this success is our growing partnership with What the Fresh. More than just managing their food recovery. Owner, Dev is invested in how he can help the program, in making a real difference to the lives of our beneficiaries. His commitment to quality and community care aligns perfectly with our values.

Through our Moving Food program meals are reaching people who need them most, including programs like the STARS Program at Girrawheen Senior High School, supporting Aboriginal and

Torres Strait Islander girls to learn, connect, and thrive. It takes a community and we are grateful.

Words from volunteer, Nancy

7

I've been a volunteer with Motion By the Ocean for three years.

My husband passed away about a year before I joined the organisation. My neighbour suggested it to me which was just what I needed to help with the grieving process.

It has been such a good thing for me, to be involved in a way that I can give back to the community. I also like that it is in my neighbourhood.

I really enjoy hearing peoples stories, so much history! I often hear stories about when they used to come to the beach or rides their bikes along the coastal path when they were little. So many of the passengers have a connection to the area.

And for them, to have someone just to listen. It's not just about the destination when going on the ride. It's more about getting out in fresh air and sunshine and having a chat.

Autumn 2026 www.motionbytheocean.org.au

Celebrating our Volunteers – Perth is OK & Lotterywest

8

At the beginning of the year, we were delighted to collaborate with Perth Is OK and Lotterywest to celebrate the work of our volunteers.

Beautiful videos were produced, that highlighted the impact our volunteers create within the community and the meaningful connections formed through our Cycling Without Age Sorrento program.

Working with organisations that share a vision for stronger, more connected communities is incredibly rewarding, and we are grateful for their ongoing support.

It's been wonderful to see last year's Lotterywest promotion relaunched. Have you spotted us at bus stops, train stations, Lotterywest kiosks, newsagents and the cover page of Lotterywest on the socials?

Enhancing Safety

Lithium Battery Guidelines for Trishaws

Working alongside the Department of Transport and Major Infrastructure, our property managers and our risk assessor, we are in the final stages of developing a risk mitigation plan that expands on our existing risk register, with a specific focus on the use and management of lithium batteries.

For anyone operating Trishaw Rides within their community and feels this information could be helpful, please feel free to reach out.

While the cooler weather may bring a slight seasonal slowdown and fewer people riding on some mornings, we continue to operate seven days a week and remain committed to keeping people socially connected through movement, conversation, and community.

As we move through the first part of the year, we're proud to reflect on the extraordinary impact our community has created together.

2025 has become our most impactful year yet across both our Beach to Bush, Cycling Without Age Sorrento and Moving Food programs.

To date, we have provided:

- more than 10,700 passengers have cycled with us
- cycled over 83,000 kilometres
- delivered more than 104,000 meals with our Moving Food program

THANK YOU

Duncraig

Costs continue years after an initial Trishaw is procured. Insurance, storage, maintenance/servicing and project management costs, all need to be funded; so each of our Trishaws can be fully utilized within the community they are intended for.

A big thanks you to our long time supporters Lions Duncraig and the Lions Wellbeing Foundation for funding the continued servicing costs of the Trishaw they procured for us in 2020.

Storytelling Through the Generations

10

Our Storytelling Through the Generations initiative, supported by the Australia Day Council, created meaningful moments where people of different ages could connect and share experiences, while riding on our trishaws.

Held over several days, the sessions tell the history of our coastal community, including Sorrento Whaling Station.

Participants included community leaders, Liam Staltari MLA, and Tom French MP, who both reflected on the importance of these connections.

This initiative has been extended for 12 months. Details to be shared shortly.

"This is exactly what an inclusive community looks like — people of all ages and abilities coming together, sharing stories and experiencing our coastline in a way that's accessible, welcoming, and genuinely meaningful. Connecting people with the history of places like Waterman's Bay and the old Sorrento Whaling Station reminds us that our community didn't just happen; it was built, shaped, and sustained by the people who came before us. This program goes well beyond a bike ride — it brings together inclusion, social history, and human connection, showing how grant funding can deliver real, lasting community benefit."

Tom French, MP

A fantastic event with clear interest from locals. It was fascinating to learn more about our unique local history, all while enjoying the coast and the emotion of being by the ocean's beach rise."

Liam Staltari, MLA

*"Well there you go. Who knew?
Fascinating story!"*

Judy, passenger and Sorrento resident

WE ARE LOOKING GOOD!

Supported by City of Stirling's Community Grants Program, and in conjunction with Anglo Gold Ashanti, we are incredibly proud to wear our new uniforms. Including short and long sleeved polos, our jackets and sun smart sleeves, we look part of a team!

The design celebrates our coast, alongside the iconic skyline of Kalgoorlie, where we deliver our annual Beach to Bush program.

A heartfelt thank you to local Aboriginal artist, Gillian King, for bringing vision life.

Celebrating our meeting point on our coastline, we are met with the bush and then the desert that celebrates our Beach to Bush program that we deliver within Kalgoorlie.

We have ditched the fluoro vests in celebration!

ANGLOGOLDASHANTI

MEET ANTJE AND HER MUM

Meet Antje. You'll often see her out cycling with us along the coast on Mondays. She's been part of our team for about 6 years now.

With her mum living in Germany, Antje looks forward to her visit each year — and each year they share a special ride together. We really value these moments and the connections our volunteers are able to create with their own families.

TWILIGHT RIDE AND DINNER AT TRIGG BEACH

For something a bit different to our usual daily morning Trishaw experiences. A magical evening shared between volunteers and locals. This group ride along the Sorrento foreshore followed by Froth Pizzas and drinks at Trigg Bushland, just as the sun set.

This fundraiser, a special experience was won via an auction, bringing extended family together to enjoy meaningful time and a beautiful coastal sunset.

Thinking outside of the box for a gift? Should you want a unique and meaningful multigenerational experience with your family and loved ones, please reach out to: admin@motionbytheocean.org.au

Autumn 2026 www.motionbytheocean.org.au

We've created a graphic that's proving useful for Cycling Without Age chapters all around the world, and it's been wonderful to see it customised for different communities!

This promo was designed to give our supporters a behind-the-scenes glimpse at the work that goes into making it possible for each Cycling Without Age chapter to offer free rides to the public. It's inspiring to see so many versions being shared globally.

If your Trishaw service would like a version tailored to your community, simply send a couple of photos and your logo to admin@motionbytheocean.org.au.

We'll create and send back a version relevant to your location so you can share your story too!

WHAT GOES INTO A RIDE?

Summer Raffle

Our Summer Raffle has wrapped up — and what a success it was!

It was such a joy calling our winners and sharing the excitement of their prizes, definitely one of the best parts!

A huge thank you to the incredible local businesses who supported this raffle. We love working with organisations that live and work within the communities we serve, there really is no better support. Meeting our target of \$10,000, we are thrilled with the result.

Special thanks to Pete and the crew at Froth Craft North Beach, for making us feel so welcome, hosting our closing event and generously donating \$1 from every beer and pizza sold on the night, as well as topping up our tab for future volunteer events. You just get it. Thank you!

And to our amazing volunteers, thank you for bringing the energy and helping drive those final ticket sales at the Closing Event.

SPONSORSHIP TIERS

15

Thank You to our generous Sponsors

By sponsoring us, you will make a tangible difference and take us closer to achieving our vision of a local community that is strong and vibrant, where everyone feels included. You will also have an opportunity to showcase your organisation's commitment to your local community in several different ways.

Sponsorship packages with Motion by the Ocean Inc. are individually designed to be mutually beneficial. We will work closely with you to develop a unique partnership that aligns with your organisation's needs, values and objectives.

Join us and make a real difference.

OUR COMMUNITY PARTNERS

OUR CURRENT SUPPORTERS

We're looking for someone with Canva and graphic design skills to help create visual content using existing material and data.

The work can be done remotely.

If this sounds like you, we'd love to hear from you.

OUR AWARDS

To be recognised for our projects, instills trust and confidence within the community we support.

PARTNER WITH US – YOU'LL ENJOY THE RIDE!

At the end of the day, free rides aren't free to deliver. To sustain and allow continuity of service that sees us support our Cycling Without Age Sorrento and Moving Food Programs, sees that we rely on support from the community we serve. Please consider supporting us as the EOFI approaches.

If you are a local business that supports our work, we offer sponsorship opportunities starting from \$500. Interested? It takes a community!

Make a difference among our coastal community and partner with Motion by the Ocean Inc.

We would love to hear from you. Let's partner together for a stronger community. Please contact at, admin@motionbytheocean.org.au
