# **STATEMENT OF COMMITMENT TO INDIGENOUS AUSTRALIANS**

“The Shire of Kondinin acknowledges that, as we proceed with the development & management of facilities & services within the Shire we give recognition of the distinctive relationship that indigenous people have within the community and encourage a broader understanding & appreciation of indigenous heritage & culture.

The Shire of Kondinin is committed to consultation across all communities in our Shire & we aim for mutual respect to achieve recognition of all cultures.”

## **SHIRE OF KONDININ QUESTIONS FROM THE PUBLIC**

The Shire of Kondinin welcomes community participation during public question time at Council Meetings. Any member of the public is welcome to do so. The following is a summary of Section 5.24 of the Local Government Act 1995, the Local Government (Administration) Regulations 1996, the Shire's procedure and a guide to the completion of registering attendance and question/s.

- Members of the public should ideally register their attendance and question with the Council before the meeting before the closing of business the day before the scheduled meeting. This can be done;
  - a. In person at the Shire of Kondinin Office (120 Graham St, Kondinin)
  - b. By emailing the Executive Support Officer at [eso@kondinin.wa.gov.au](mailto:eso@kondinin.wa.gov.au)
  - c. By phoning the Executive Support Officer on 08 9889 1006
- When registering the following information will need to be supplied for record keeping and future correspondence (if required);
  - a. Name, Address, contact number and Name of Organisation representing (if applicable)
  - b. A written copy of the question to be asked at Public Question Time.
- It is recommended to arrive at the location of the Council Meeting 5 minutes before the commencement of the meeting. If you have not registered in advance it can be completed at this time. However, public members will still be able to attend the meeting and provide the required details meeting if they have not been able to register in advance.
- The Presiding Member will open Public Question Time and, if necessary, provide a summary of the rules, regulations and procedures of Public Question Time:
  - a. The person asking the question must state their name before asking it.
  - b. Questions are to be directed through the chair, with the Presiding Member having the discretion of accepting or rejecting a question and the right to nominate a Councillor or Officer to answer.
  - c. To provide an opportunity for the greatest portion of the gallery to take advantage of question time, questions are to be as succinct as possible. Any preamble to questions should therefore be minimal and no debating on the issue between the Gallery, Councillors or Officers is permissible.
  - d. Where the Presiding Member rules that a member of the public is making a statement during public question time, then no answer is required to be given or recorded in response.
  - e. Questions which are considered inappropriate; offensive or otherwise not in good faith; duplicates or variations of earlier questions; relating to the personal affairs or actions of Council members or employees; will be refused by the Presiding Member as 'out of order and will not be recorded in the minutes.

- f. Questions from members of the public that do not comply with the Rules of Question Time or do not abide by a ruling from the Presiding Member, or where the member of the public behaves in a manner in which they are disrespectful of the Presiding Member or Council, or refuse to abide by any reasonable direction from the Presiding Member, will be ruled 'out of order and the question will not be recorded in the minutes.
  - g. Answers to questions provided in good faith, however, unless reasonable prior written notice of the question is given, answers should not be relied upon as being comprehensive.
  - h. The priority for asking questions shall be 'first' questions on which written notice has been given before the meeting' (that is, before noon on the day immediately preceding the meeting) and secondly, 'questions from the floor.
- Public Question Time is set for a maximum period of 15 minutes and will terminate earlier should no questions be forthcoming.
- There are circumstances where it may be necessary to place limits on the asking of questions to enable all members of the public a fair and equitable opportunity to participate in Public Question Time. In these events, the Presiding Member will apply the most appropriate limit for the circumstance. Generally, each member of the public shall be provided with a maximum two minutes time limit in the first instance, in which to ask a maximum of two questions (whether these are submitted 'in writing' or 'from the floor). A question may include a request for the tabling of documents where these are relevant to an issue before Council.
- Should there be time remaining on the initial period for Public Question Time (i.e. 15 minutes) after all members of the public have posed their initial allotment of two questions, the Presiding Member will then allow members of the public to sequentially (by the register) ask further questions (with necessary limits in place as discussed above if required) until the initial period for Public Question Time has expired.
- Any extension to the initial period for Public Question Time is to be limited to a period that will allow sufficient time for any remaining members of the public to ask their initial allotment of two questions.
- Where a question (compliant to these rules) is raised and is unable to be answered at the meeting, the question shall be 'taken on notice' with an answer being given at the next appropriate Council Meeting.
- Where a member of the public submitting a question is not physically present at the meeting, those questions will be treated as an item of correspondence and will be answered in the normal course of business (and not be recorded in the minutes).

### DISCLOSURE OF FINANCIAL/IMPARTIALITY & PROXIMITY INTEREST

To: *Chief Executive Officer*

As required by Section 5.65(1) (a) of the Local Government Act 1995, I hereby declare my interest in the following matters included on the Agenda paper for the Council/Committee meeting to be held on \_\_\_\_\_ (Date).

The type of interest I wish to declare is a: ☐ Financial ☐ Proximity ☐ Impartiality

| Item No | Details of Interest |
|---------|---------------------|
|         |                     |

NB:

- 1 This notice must be given to the Chief Executive Officer before the meeting or at the meeting immediately before the matter in which you have an interest is discussed, Section 5.65(1) (a) & (b).
- 2 It remains the Councillor's responsibility to make further declarations to the Council if a matter arises during the course of a meeting and no previous declarations have been made.
- 3 It is a Councillor's responsibility to ensure that the interest is brought to the attention of the Council/Committee when the Agenda item arises and to ensure that it is recorded in the minutes.
- 4 It remains the Councillor's responsibility to ensure that he/she does not vote on a matter in which a declaration has been made. This responsibility also includes the recording of particulars in the minutes to ensure they are correct when such minutes are being confirmed.
- 5 It is recommended that when previewing the Agenda, Councillors mark Agendas with items on which interest is to be declared and complete the declaration form at the same time.
- 6 Councillors may be allowed to remain at meetings at which they have declared an interest and may also be allowed to preside (if applicable) and participate in discussions and the decision-making process upon the declared matter subject to strict compliance with the enabling provisions of the Act and appropriately recorded resolutions of Council. Where Councillors request consideration of such approval the affected Councillor must vacate the Council Chambers in the first instance whilst the Council discusses and decides upon the Councillors application.

Remember The responsibility to declare an interest rests with individual Councillors. If Councillors are in any doubt seeking legal opinion, or, to be sure, simply declare in any case.  
Penalties for not disclosing an interest apply.

#### OFFICER RECOMMENDATION

That Council:

1. ENDORSES the Asset Management Plan as attached as part of the Shire's Integrated Planning Framework.

#### Summary

The purpose of this report is to seek approval from Council to endorse the Asset Management Plan as part of the Shire's Integrated Planning Framework.

#### Background

In 2010, the Integrated Planning and Reporting (IPR) Framework and Guidelines were introduced as part of the State Government's Local Government Reform Program and since 2013 it has become mandatory that all local governments have their suite of documents in place that are reviewed regularly. The overriding document is the Community Strategic Plan which provides the strategic direction over ten years, this is then followed by the Corporate Business Plan which provides a four-year delivery program that is aligned to the Strategic Community Plan and accompanied by four-year financial projections. These two plans are then followed by informing strategies which include the Long-Term Financial Plan, the Workforce Plan, Issue or Area Specific Plans (e.g. Sports and Recreation Plan), and the Asset Management Plan, the latter being the subject of this report. The Local Government's Annual Budget is then informed by the abovementioned documentation.

The Shire's Asset Management Plan was last reviewed in 2019 by consultants, Asset Infrastructure Management and to comply with the Integrated Planning and Reporting Framework the Asset Management Plan has again required review. The Shire engaged Asset Infrastructure Management Consultants to undertake the review. Whilst the data analysis required to inform the preparation of the Plan remained the same as the previous review the presentation of the final document is more visual and succinct.

The acquisition and the upkeep/maintenance of assets form an important part of the Shire of Kondinin meeting its responsibilities and objectives towards service and amenity provisions to its community. The scope of the Asset Management Plan covers assets in key areas including:

- Property Assets – Freehold Land, buildings, fixtures, and fittings.
- Plant and Equipment – Vehicles, plant, tools, furniture, and IT.
- Transport Assets – Roads, bridges, curbing, culverts, stormwater drainage, airstrips, street furniture, signs, car parks, and paths.
- Recreation Assets – Parks, reserves, sports grounds, bushlands, and infrastructure contained within them.

As outlined in the Integrated Planning and Reporting Framework Guidelines, the effective management of assets is crucial to the sustainable delivery of local government services. The Shire's assets need to serve the needs of the community, in alignment with the Strategic Community Plan and the Corporate Business Plan and integrated with the Long-Term Financial Plan. Moreover, local governments hold a large portfolio of long-lived assets, so it is critical to plan and prioritise the maintenance, renewal, and replacement of existing assets and the acquisition of new assets, requiring a long-term "whole of life" view of asset management.

The challenge and the purpose of this Asset Management Plan are to develop and implement a strategy including financial capacity (integrated with the Long-Term Financial Plan and the Corporate Business Plan) in respect of providing and maintaining adequate assets for the Shire of Kondinin. With several new builds and renewal projects that have been outlined in the Shire's Integrated Planning Framework documents, robust asset planning and costings are paramount to developing an understanding of the long-term costs of the existing asset base to inform budget decisions.

Sound management of assets is an important and integral part of senior management's responsibilities. Part of this responsibility is achieving high quality in the construction, renewal, and maintenance of a local government's assets. This assists in achieving high value for money spent, extending the life of important assets, and minimizing maintenance and replacement costs.

The Asset Management Plan as presented will be monitored along with the Long-Term Financial Plan by the performance of the three statutory ratios that the Shire reports on in the Annual Financial Report.

#### **OFFICER RECOMMENDATION**

That Council;

1. CONSIDERS inclusion of improvements to parking for the Hyden Hockey Field in the Shire's 2023/2024 budget subject to the Karlgarin Hyden Hockey Club providing the following information to the Shire's Chief Executive Officer;
  - a) Feedback from the Hyden Sports Council on the proposal;
  - b) Preference and justification for the preferred car parking option to address the issue/s identified;
  - c) Confirmation of a cash contribution and amount

#### **Summary**

The purpose of this report is to seek approval from Council to include an allocation in the Shire's 2023/2024 to address the parking issue for hockey spectators and players at the Hyden Hockey Field as documented in the letter attached from the Karlgarin Hyden Hockey Club.

#### **Background**

A letter was received via email on the 24<sup>th</sup> February 2023 from the Karlgarin Hyden Hockey Club addressed to the Shire's Chief Executive Officer and all Councillors outlining concerns with parking for hockey spectators and players at the Hyden Hockey Field with the suggestion to construct a car park to the rear of the dugouts on the western side of the field.

A site meeting was held on the 16<sup>th</sup> of March 2023 attended by the Shire's Administration, representatives from the Karlgarin Hyden Hockey Club and the Hyden Sports Council, and some Council Members. Following the meeting, the area proposed for the parking was marked out by the Karlgarin Hyden Hockey Club, and the car park costed by the Shire at \$20,799 (excluding depreciation, tree pruning, and an allowance for embankment work except for the pram ramp). Costings are shown as an attachment to this report.

Following the site visit an email was sent to all Councillors and attendees at the meeting for any feedback on the proposal before the Council Meeting. Feedback was received noting concerns over the location of the proposed car park including the risk of unknown timing of water flow and general dampness of the area, together with the distance of the car park to the toilets and change rooms. A suggestion was also made to include the Hyden Sports Council in the deliberations given the pending scope and location of the Hyden Recreation Centre and associated parking.

During the email correspondence, the Shire's Administration suggested an alternative option being a car park to the southern end of the hockey field, which the Hockey Club advised would be only an option if this was fully fenced. The quote for the fencing was received from the hockey club estimating the work and materials for the fence amounting to \$27,366.

Based on the information provided there are two main options presented for consideration to address the parking issues at the Hyden Hockey Field which have been costed as follows:

1. To install a fence along the southern side of the hockey field (approx. \$27,000); OR
2. To build a car park to the rear of the dugouts (approx. \$21,000).

Before an informed decision is made by Council, it is asked that the Karlgarin Hyden Hockey Club carefully consider the two options, discuss the matter with the Hyden Sports Council and advise the Shire on the cash contribution it will be able to offer towards the preferred project.

### **9.2.3 LONG TERM FINANCIAL PLAN**

**Applicant:** Shire of Kondinin  
**Author:** Vince Bugna, Manager of Corporate Services  
**Disclosure of Interest:** Nil  
**Date:** 30<sup>th</sup> March 2023  
**Attachment(s):** Long-Term Financial Plan 2024 – 2033

#### **OFFICER RECOMMENDATION**

That Council adopts the Shire of Kondinin's Long-Term Financial Plan 2024 – 2033.

#### **SUMMARY**

For Council to consider adopting the Long-Term Financial Plan 2024 – 2033 for the Shire of Kondinin.

#### **BACKGROUND**

In February 2009, the Minister for Local Government announced a package of state-wide-ranging local government reform strategies that were aimed at achieving greater capacity for local government to better plan, manage and deliver services to their communities with a focus on social, environmental and economic sustainability.

One of the requirements was to develop and review a long-term financial plan (LTFP) which is a ten-year rolling plan that informs the Corporate Business Plan to activate Strategic Community Plan priorities. From these planning processes, annual budgets that are aligned with strategic objectives can be developed.

The LTFP indicates a local government's long-term financial sustainability, allows for early identification of financial issues and their long-term impacts, shows the linkages between specific plans and strategies, and enhances the transparency and accountability of the Council to the community.

The LTFP is a high-level document that should be supported by detailed information based on assumptions, projected income and expenditure, capital work schedules, key performance indicators and scenario modeling.

Forecasts should underpin the LTFP and aim to quantify the future impacts of current decisions and identify the available options to close the gap between revenues and expenditures. Forecasting informs decision-making and priority setting and assists in the management of the local government's response to community expectations. It will also assist in the management of cash flows and funding requirements, community assets and risk. There should be a high level of accuracy in the forecasts for the first 2-3 years, a good level of accuracy for years 4 and 5 and a reasonable level of accuracy for the remaining 5 years of the plan.

#### **COMMENT**

The following information explains the major financial assumptions applicable to the Long-Term Financial Plan and the major assumptions that have been used to develop the plan.

##### **Employment Expenses**

Employee costs are estimated to increase by 2.5% for the term of the plan. Note that this increase is based on an estimate and will be adjusted in line with the budget.

#### Materials and Contracts

Materials and contracts are estimated to increase by 2.5% for the term of the plan. Note that this increase is based on an estimate and will be adjusted in line with the budget.

#### Utility Charges

Utility charges have been factored in to increase by 2.0% in the 3 years 2023/24 to 2025/26 and 2.5% for the life of the plan.

#### Loan Borrowings and Repayments

Loan repayments are calculated on loan schedules that are currently in existence.

#### Reserve Transfers

Transfer to Reserves is in line with existing reserve calculations that are contained within the LTFP. Interest on Reserve holdings has been calculated at 2.5% (though higher currently) and reinvested into the reserve.

#### Rate Revenue

Rate increases are forecast for 3.5% throughout the ten-year plan.

#### Operating Grants

An increase of 3.5% has been allowed throughout the ten-year plan as annual Grants Commission allocation varies from year to year. Although the average for the past ten years was 6.35%, any favorable variance may cover increases in materials and contracts.

#### Fees and Charges

Fees and charges that Council has discretion over have been increasing for the term of the plan.

#### Capital Grants

Road grants from the Regional Road Group (RRG) have been estimated at the existing levels. Roads to Recovery (R2R) grants have been maintained based on average 5-year funding for the life of this plan.

A considerable portion of capital projects is reliant upon grants from external sources. If the funding from these sources does not eventuate, the projects may need to be reviewed or alternate funding sourced.

#### Capital Expenditures

The 10-year capital works program has been developed showing which program is funded and also summarises whether the asset is renewed, upgraded or new. As identified in the capital grants section road infrastructure projects are heavily reliant upon external grant funds. If external funding from these projects does not eventuate to the amounts as indicated in the plan, then the scope of each capital project will need to be revisited or the project postponed until further funding is sourced.

### **CONSULTATION**

The Corporate Business Plan and Strategic Community Plan have been referenced and consulted in developing the Long-Term Financial Plan (LTFP).

### **FINANCIAL IMPLICATIONS**

Although the adoption of the Long-Term Financial Plan does not have any financial implications, the annual budget will be drafted in line with the Long-Term Financial Plan.

## **ASSET MANAGEMENT IMPLICATIONS**

The Long-Term Financial Plan sets out the strategies to close the future life cycle gap once the AMP will be fully developed and ensure service delivery is maintained at an acceptable level to the community.

## **STATUTORY ENVIRONMENT**

Section 5.56(1) and (2) of the *Local Government Act 1995* requires that each local government is 'to plan for the future of the district', by developing plans by the regulations. *Local Government (Administration) Regulation 1996* Section 19 outlines what is required of Planning for future documents.

## **9.2.4 RATES & CHARGES OWING WRITE-OFF – A50**

**Applicant:** Shire of Kondinin  
**Author:** ESO- Leandré Genis, MCS – Vince Bugna  
**Date:** 12<sup>th</sup> April 2023

### **OFFICER RECOMMENDATION**

That Council:

Approve writing off the balance of outstanding rates owed by the Shire for the 21/22 financial year and accrued penalty interest on property Assessment 50 on the condition that the remaining outstanding rates be paid within 30 days from this resolution.

### **Summary**

To seek council approval to write off the outstanding rates owed by the Shire for the 2021/2022 financial year and accrued penalty interest on Assessment 50.

### **Background**

In July 2021 Council resolved to write off a balance of \$20,825.98 consisting of outstanding rates, services, penalty interest, and legal costs to allow a zero balance for when the new owner takes ownership of the property:

#### **RESOLUTION #3780**

**Moved Cr Mulcahy**

**Seconded Cr Pool**

**That Council Approve to write off the balance of outstanding rates, services, penalty interest and legal costs on property Assessment number 50.**

**Carried 9/0**

Since the date of the auction where this property was sold and when settlement occurred, the Shire was responsible for the rates and services on this property.

The balance of the 21/22 Rates will be sent to the new owner with a request for payment in 30 days. It should be noted that the current year's rates are usually paid in full at settlement, however, this did not occur through the change of ownership process. The new owner was not advised of the outstanding rates at the time, which is why consideration for the write-off of penalty interest has been included.

The rates amount to be written off is \$251.30. The penalty interest accrues daily therefore it is difficult to provide an exact amount, however, at the time of this agenda report the penalty interest is \$73.86.

To get the assessment's outstanding rates sorted we recommend writing off these balances on the condition that the owner settles the remaining balance within 30 days of this resolution being carried.

As the interest has accrued due to an administration omission rather than the owner simply not paying, the recommendation is to reduce the rates to the time the new owner took possession of the property and remove the penalty interest.

**Statutory Environment**

Local Government Act 1995 S. 6.73 – discharge of liability on the sale of land.

**Policy Implications**

There are no direct policy implications about this item.

**Financial Implications**

A provision for write-offs and doubtful debts is included in the 2022/23 budget.  
The outstanding balances will be reduced by the write-off.

**Strategic Implications**

#### OFFICERS RECOMMENDATION:

That Council endorses the application for a permanent Fire Fighting Appliance and facility for the East Hyden Bush Fire Brigade.

#### Summary

To consider the application for an appliance and housing facility for the East Hyden Bush Fire Brigade.

#### Background

The East Hyden Bush Fire Brigade has been functioning within the Shire for several years, however, the group only has an appliance during the summer months to assist with fires in the wooded areas. Once the summer month is ended, the appliance is usually removed and the group joins with other units or uses their facilities to attend fires for the remainder of the year.

Consideration of a unit for the East Hyden Bush Fire Brigade was discussed earlier this financial year with consideration to be given to applying for a permanent unit for the Brigade.

#### Comment

For the next financial years Local Government Grants Scheme (LGGS) for Bush Fire Brigade, an application has been submitted for consideration of a permanent unit for East Hyden Bush Fire Brigade and also a facility to house the unit. Land for the unit will be donated by a local resident.

To ensure that the application was within the guidelines, the CEO sought a quote for the building which was for a complex suggested by DFES as a minimum facility with a wash-down area and toilet. The initial request from the brigade was just for a shed for the unit, however, to ensure safety and risk matters, the full complex was submitted. This complex will also house the unit when not in use. Additional costs have been considered as part of the quote for the power and water connection.

The Shire has also applied for a permanent unit for the Bush Fire Brigade so that they can use the unit for fires in the area throughout the entire year rather than just when they have a unit.

Details of the application have been attached for information. It should be noted that the details were only for the application and may change pending funding.

### **OFFICER RECOMMENDATION:**

That Council engages Mr. John Phillips to assist with the process of the Annual Performance Review of the CEO.

### **Summary**

To consider the CEO Performance Review process and assistance required.

### **Background**

As part of the CEO Performance process, the parties (The Councillors and CEO) need to agree to the process and any assistance that is used.

Last year the Shire engaged Mr. John Phillips to assist with the process of the CEO Annual Performance Review. Mr. Phillips attended the Shire and met with Council Members to go through the process to ensure compliance with the Local Government Act 1995.

As all parties seemed happy with the process, it is recommended that Mr. Phillips be considered again for the process.

### **Comment**

At the end of the process last year, Mr. Phillips indicated that he was shifting to the Eastern States, but would be happy to provide services for CEO performance reviews through video/telephone communications with members.

As Council is aware of Mr. Phillips and his process for the CEO performance review, it may be easier to remain with this provider to assist with the current review. It is also likely to be less costly as Mr. Phillips is aware of all parties and concerns, so the process is not starting from fresh.

### **Statutory Environment**

#### **OFFICER RECOMMENDATION:**

That Council includes a contribution of \$5,000 towards the Augmented Reality Sculpture for Wave Rock in the 2023-2024 Annual Budget.

#### **Summary**

To consider a contribution to an Augmented Reality Sculpture at Wave Rock in the 2023-2024 Budget.

#### **Background**

The Shire has been approached for a possible Augmented Reality Sculpture to be included as part of a trail over Western Australia. Support was initially given for the project as it was seen as a possible inclusion should the trail come to fruition.

As part of the funding from Lotterywest, the organisers for the sculptures are requesting a contribution of the sculpture of \$5,000 which would be paid prior to the sculpture being delivered.

#### **Comment**

The inclusion of the sculpture to Wave Rock would include the location on another trail that covers Western Australia (other locations shown in the letter) and will increase visitors as they go through the various sculptures. Increased visitors to Wave Rock also increase the income from the Wave Rock takings for the Shire and will also provide a benefit to the towns as people pass through this sculpture and others.

The Sculpture may be seen as a bit 'abstract' for Wave Rock and not fit with the aesthetics of the rock, so Council may consider to withdraw from this project in favour of other ideas. This option is still available and could be considered until the item is installed, but the decision made earlier will be easier for the group to find another location.

#### **Statutory Environment**

Local Government Act 1995

#### **Policy Implications**

#### **Financial Implications**

The request is for a contribution of \$5,000 which would be included in the 2023/2024 Budget. This would keep impacts to a minimum for an item that can increase visitor takings for the Shire in future years.

#### OFFICER/ COMMITTEE RECOMMENDATION:

That the 10-Year Housing Maintenance and Capital Works Plan and the 10 Year Draft Shire Building Maintenance and Capital Works Plan be noted for consideration in the 2023/2024 Budget and the Long-Term Planning for the Shire; and

That the 10-Year Housing Replacement Plan and 10 Year Draft Shire Building Forward Plan be noted as working documents for consideration in the 2023/2024 Budget and the Long-Term Planning for the Shire with priority given to WA Country Health housing.

#### SUMMARY

To provide information on the current and projected requirements for addressing housing demand in the Shire.

#### BACKGROUND

At the previous Housing Committee Meeting held on the 30<sup>th</sup> August 2022 the officers provided a detailed summary of each dwelling, including location, date of construction, actual and projected short-term expenditure and rental arrangements, together with information on the management of the Shire's housing stock and comparisons with like Shires.

#### Current Shire Housing Stock

The Shire of Kondinin has a total of sixteen (16) houses that are dedicated to Shire staff (11 houses), contractors (3 houses) and currently two (2) houses that are rented to state government agencies. Three (3) of the houses are located in Hyden and the remaining thirteen (13) houses are located in Kondinin. A summary of the houses is detailed in the Long-Term Housing Development Plan attached to this report.

The Shire's housing stock varies considerably in terms of date of construction, condition and composition, with the majority of housing stock in fair to good condition. The oldest of the Shire's houses was constructed in 1969 and the most recent house was constructed by the Shire in 2018 at No. 41 Repacholi Parade, Kondinin.

Most of the Shire's houses are occupied by single or up to a maximum of three (3) family members, except for one household with a larger family.

This family has one of the smallest houses and it is recommended that this family can be accommodated with a larger dwelling from the Shire's existing housing stock in the short term.

The Shire have been approached if they would be willing to sell No. 43 (Lot 284) Repacholi Parade, Kondinin. It is recommended that Council pursue this option to provide the necessary capital to invest in additional housing stock to match current demand.

### Strategic Implications

Whilst providing housing is not a local government's core business, housing is listed as a key strategic priority in the Shire's Community Strategic Plan 2022 – 2023 as per the extract below and as detailed within the Strategic Implications of this report.

#### *“Strategic priorities*

*Emerging issues raised by community members at the various engagement forums:  
Access to quality housing and diversity of housing.”*

### Broader Housing Issues and Needs

In recent years the Shire of Kondinin has been approached by various public and private entities in relation to the provision, management and access to housing, particularly in the town site of Kondinin. Changing demographics of workers, with more choosing to 'drive in and drive out' and the reduction in government and private entities wishing to construct and own housing stock in the regions, together with volunteer fatigue in local community groups, has resulted in heightened emphasis being placed on regional local government authorities to invest in providing housing stock to support their local communities.

#### *Western Australia Country Health Services (WACHS)*

The Shire of Kondinin is very fortunate to house a hospital and a resident doctor within its municipality. Over the years the staffing demographics at the Kondinin Hospital have changed to the extent that of the 30 – 40 staff that are required to staff the hospital up to 80 to 90% live outside the district hence requiring accommodation.

With the old nurses' quarters no longer considered suitable for agency workers, and the two GROH houses back to being used by the Kondinin Primary School, the Hospital is actively looking into alternative arrangements, which currently includes a periodic lease with the Shire of No. 76 Graham Street, a 3-month lease of one of the Shire's Caravan Park Chalets and a 3-month lease of a local Air B & B. These are obviously just short-term measures to meet the current situation, where medium-term solutions are required as a matter of urgency to ensure that the staffing of the hospital can be met.

The Kondinin Hospital has advised to address current and projected housing needs and to attract more permanent staff employees they required four (4) 2-bedroom x 2-bathroom dwellings and one (1) 3-bedroom x 2-bathroom dwelling.

#### *Local Community Entities*

Local community entities have approached the Shire about the management and ownership of their housing stock.

In 2022 a meeting was held with representation from community groups from both Hyden and Kondinin to discuss their respective housing stock illustrating common concerns and issues in the management of these units in the future. Currently, the respective bodies continue to manage their housing stock separately, with further investigations for other options continuing to be explored.

### *Private Enterprise*

Private entities have approached the Shire looking for rental accommodation, particularly in Kondinin. One option presented was for the construction of additional chalets at the Kondinin Caravan Park, which can be explored further. Others have asked about the availability of 2 x 2-bedroom style accommodation to meet the demands of 'drive in and drive out' workers.

### Recommended Way Forward

The Shire Officers have prepared a Housing Replacement Plan as a starting point to provide a framework to guide Council in providing good quality and suitable housing for current and future Shire needs. Key recommendations outlined in the Housing Replacement Plan suggested being considered by this Committee and by Council as a matter of priority in the 2023/2024 financial year are as follows:

- 1) Consider entering an investor partnership with the Western Australia Country Health Services (WACHS) for the construction and/or purchase of up to four (4) dwellings to service staffing demand at Kondinin Hospital;
- 2) Consider the construction of an additional dwelling at the vacant lot on No. 39 (Lot 282) Repacholi Parade, Kondinin for Shire employees within the 2023/2024 financial year; and
- 3) Consider the sale of No. 43 (Lot 284) Repacholi Parade, Kondinin

### **REPORTING OFFICER'S COMMENT**

The purpose of this meeting and supporting documentation is primarily for this committee to look strategically at the Shire's housing stock and the housing needs of the broader community and consider the recommendations of this Agenda Report and the Housing Replacement Plan attached to mark out a way forward on this matter.
