

SHIRE OF KONDININ

FIRE MANAGEMENT PLAN 2020-2021

Please retain this document for your reference

FIRST AND FINAL NOTICE to all owners and occupiers of land in the Shire of Kondinin. This document constitutes the Shire of Kondinin Fire Management Requirements (Bush Fire Notice). Pursuant to Section 33 of the Bush Fires Act 1954 you are hereby required, on all land owned or occupied by you, as a measure for preventing the spread and extension of a bush fire, to plough, cultivate, scarify, burn, chemically spray or otherwise clear upon the lands Fire Access tracks (fire breaks) in such manner as set out in this notice.

By order of the Council
Mia Maxfield
CHIEF EXECUTIVE OFFICER

DEFINITIONS

For the purpose of this Notice the following definitions apply:

Flammable Material: Material that can be easily ignited, (i.e.- dead or dry grass and crops, leaves, timber, boxes, cartons, paper, plastic and other material or things deemed by an authorised officer to be capable of combustion) but does not include green growing trees, growing bushes or garden plants.

CBFCO: Shall mean the Chief Bush Fire Control Officer as appointed by the Shire of Kondinin.

DCBFCO: Shall mean the Deputy Chief Bush Fire Control Officer as appointed by the Shire of Kondinin.

FCO: Shall mean the Bush Fire Control Officer as appointed by the Shire of Kondinin.

CESM: Shall mean the Community Emergency Services Manager Authorised officer as appointed by the Shire of Kondinin.

Total Fire Bans (TFB): Total Fire Bans are the bans imposed by the Minister for Emergency Services or his/her representative on days of severe or catastrophic fire hazards.

Burning of Garden Refuse: Means lighting or use of a fire in the open air for the purpose of destroying garden refuse. One cubic metre or less, is referred to as garden refuse.

Fire & Rescue District: The area covering the Kondinin, Karlgarin and Hyden town sites. Fire & Rescue Services are responsible for all fires within this gazette district. The Shire of Kondinin is directly responsible for the issuing of Fire Permits.

Plantation: Any area of planted Pines, Sandalwood, Jojoba and Eucalyptus species other than windbreaks, within gazetted townsite exceeding 3 hectares and elsewhere exceeding 10 hectares.

Harvesting: A person shall not operate a grain harvesting machine or any machine used for swathing, baling or slashing of stubble or hay in any crop during the prohibited burning times unless;

1. One hand held water filled fire extinguisher (minimum capacity 7.5litres) is filled in a readily accessible position on the machine.
2. A readily mobile fire fighting unit of a minimum of 400 litre capacity powered by an engine driven pump is in attendance in or adjacent to the entrance of the paddock being harvested.

The following definitions shall apply to the guidelines on the ban of vehicle and machinery movement and the operation of internal combustion engines under Regulations 38A and 38B of the Bush Fires Act.

Laneway/Roadway (non gazetted)

A laneway/roadway is defined as having a trafficable surface, free of all inflammable material, a minimum of four metres wide. Overhanging vegetation has to be pruned back so as not to come into contact with parts of a vehicle.

Yard

A yard is defined as an area, more than four metres wide, with a constructed, trafficable surface, free of all flammable material save live standing trees.

Mobile Fire Fighting Unit

A mobile fire fighting unit is defined as having a minimum water carrying capacity of four hundred (400) litres, fitted with a hose and pump capable of delivering water through an adjustable nozzle in the spray and jet configurations.

Harvest Ban

A ban in the operation of all grain harvesting machines including swathing, baling or slashing machines within the Shire or a part of the Shire and during a time, as specified in a notice or broadcast (Reg 38A).

A ban on the Movement of all vehicles and Machines and the Operation of Internal Combustion Engines

A ban on the movement of all vehicles and machinery and the operation of internal combustion engines within the Shire or a part of the Shire and during a time as specified in a notice or broadcast (eg 38A and B) with the exception of the movement of vehicles and machinery on made gazetted roads, laneways and yards.

SUBURBAN AND RESIDENTIAL BLOCKS

Firebreaks of 1.25 metres wide on all boundaries and immediately surrounding all buildings. Remove all inflammable material from fuel depots for a continuous distance of 15 metres or to the external boundary, whichever ever comes first.

The term "*Inflammable Material*" for the purpose of this notice includes bush (as defined in the Bush Fires Act 1954), timber, boxes, cartons, paper, and the like inflammable materials, rubbish and any combustible matter, but does not include buildings, green standing trees and bushes or growing bushes or plants in gardens or lawns.

RURAL LAND IN & OUTSIDE TOWN BOUNDARY

Firebreaks not less than 3 metres wide as follows:

- i) Immediately inside all external boundaries of the land or rural holding and if any portion of the land or rural holding adjoins a public road or railway line a firebreak must also be constructed along that boundary.
- ii) Immediately surrounding all buildings, haystacks and fuel ramps situated on the land.

Firebreaks not less than 20 metres wide for land clearing fires as follows:

On or before the 31st day of January in any year or within 14 days of the date of completion of the preparation for burning should this be after the 31st day of January in any year, to clear of all inflammable material firebreaks of not less than 20 metres wide immediately inside the external boundaries of the land on which the bush has been bulldozed, chained or prepared in any similar manner for burning whether you intend to burn the bush or not, and thereafter maintain the firebreak clear of inflammable material up to and including the 30th day of April in any year.

If it is considered impracticable to provide fire breaks as required by these By-Laws the approval of the Council must be obtained for any variation. Approval will only be granted up to or before 15 October in any year and will not be considered unless the prior consent of the appropriate Fire Control Officer has been obtained.

If permission is not granted by Council or a duly authorised officer you shall comply with the requirements of this order.

FIRE FIGHTING EQUIPMENT

Where the land owners total land holding is fifty (50) hectares or greater a readily mobile operational fire fighting unit containing a minimum of 400 litres of water on standby and available for inspection is required during the period 1st November to 30th April of each year.

All firebreaks as designated above must be prepared on or before 31 OCTOBER or within 14 days of becoming the owner or occupier should this be after that date and maintained clear of flammable material up to and including 30 APRIL.

DEFINITIONS

- Fast attack relate to a 1 tonne 4x4 vehicle carrying minimum of 450L of water.
- Medium Duty relates to a 4x4 truck carrying 2000L of water.
- 3.4 Heavy Duty relates to a 4x4 truck carrying 3000L of water.

NUISANCE SMOKE

It is an offence under the Health Act 1911 to create nuisance smoke. If planning to burn, please consider your neighbours, other properties that may be affected and the condition and type of materials to be burnt. It is important to ensure that smoke is not toxic and does not disrupt traffic on roads.

BURNING OF BUSH AND GRASS ON ANY LAND

Burning of bush and grass is totally **prohibited** between **15 November and 14 February** inclusive (Prohibited Burning Period). Permits are required between 30 September and 14 November inclusive and between 15 February and 31 March inclusive (Restricted Burning Periods)

PERMITS TO BURN

Under the Bush Fires Act 1954, it is an offence to light fires during the Prohibited and Restricted Burning Times, except in certain circumstances.

GARDEN REFUSE AND HINTS

During the Restricted Burning Periods small heaps of garden refuse (up to one cubic meter) may be burnt on the ground between 6.00pm and 11.00 pm, without a permit. A 5 metre wide firebreak must be cleared around the fire and at least one able bodied person must be in attendance at all times. No burning is allowed during the Prohibited Burning Period.

Burning is prohibited on Very High, Severe, Extreme or Catastrophic fire danger days.

HAZARD REDUCTION PROGRAM

Autumn to Winter (May-August)

- Tree pruning – remove lower branches, check that power lines are clear. Use a professional contractor
- Reduce fuel levels around the house, clear long grass, leaves, twigs and flammable shrubs.
- Ensure petrol and other flammables are safely stored away from the main dwelling.
- Accommodation providers must make sure all guests are aware of emergency plan, including evacuation routes.
- Spring (September – November)
- Move wood piles and stack timber away from the main dwelling.
- Keep grass short
- Install firebreaks in accordance with this Fire Management Requirements.
- Summer (November – May)
- Water lawns, trees and shrubs near buildings to keep green.
- Recheck fire-fighting equipment, screens, water supplies and that gutters remain clear.

Long Term precautions

- Make sure that buildings are safe – fit wire screens and shutters, fill gaps into roof/wall spaces, fit fire screens to evaporative air conditioners and have them operable to provide a water supply.
- Give consideration to installing external building sprinkler systems and backup power for emergencies.
- Ensure that access to emergency water supplies has the correct fittings, is unobstructed and trafficable.
- Get basic training in fire-fighting by contacting the Shire of Kondinin.

Hints for Burning:

- Don't light a fire on a hot or windy day.
- Don't try to burn more than you can control.
- Inform your neighbours.
- Make sure smoke and sparks will not affect neighbours washing or open windows.
- Cut or rake long grass around trees, buildings and fences before burning.
- Burn against wind.
- On a sloping block, burn from the top down.
- Have a hose or spray pack to dampen down fire intensity.
- Extinguish fire by midnight.

PRIVATE PROPERTY

Wood and solid fuel barbecues shall only be used where they are enclosed and all flammable material in a 5m radius is cleared. Fire cannot be lit on days of Very High, Severe, Extreme or Catastrophic fire danger days.

BBQ's and INCINERATORS

Gas and electric barbecues are permitted at any time. Solid fuel barbecues and incinerators are **prohibited on days of very high, severe, extreme or catastrophic fire danger days.**

COMPLIANCE WITH THIS NOTICE IS REQUIRED BY 31 OCTOBER EACH YEAR AND IS TO BE MAINTAINED UNTIL 30 APRIL THE FOLLOWING YEAR OR AS OTHERWISE GAZETTED

Non – compliant

Complying

Compliant

PENALTIES APPLY

Penalty for non-compliance with this notice - \$1,000.00

Take notice, that pursuant to section 33(4) of the Bush Fires Act, where the owner or occupier of land who has received this Notice fails or neglects to comply with the requisitions of the Notice within the time specified, the Shire of Kondinin may, by its officers, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of the Notice which have not been complied with and pursuant to section 33(5) of the Bush Fires Act, the amount of costs and expenses incurred may be recovered from you as the owner or occupier of the land. The penalty for failing to comply with this notice is a fine not exceeding \$5000 and the person in default is also liable, whether prosecuted or not, to pay the costs of performing the work directed in this Notice if it is not carried out by the owner or occupier by the date required by this Notice. If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

FIRE DANGER RATING

- The Fire Danger Rating gives you advice about the level of bushfire threat on any given day. It is based on the forecast weather conditions.
- The higher the rating, the more likely people may die or be injured during a fire.
- Only well prepared, well constructed and actively defended homes may offer any safety up to the category of Extreme.
- Consider in your bushfire survival plan if your actions will change at different Fire Danger Rating categories.
- The Fire Danger Rating is published by the Bureau of Meteorology at www.bom.gov.au and through the media.

The Shire falls under the Beaufort Weather District

TOTAL FIRE BAN: When a TFB is declared the lighting of any fire in the open air is prohibited. The ban includes all open fires for the purpose of cooking and camping. A Total Fire Ban also prohibits other activities, for more information please see the DFES Website.

TOTAL FIRE BAN PENALTY: A fine of up to \$25,000 or imprisonment for 12 months or both.

**THE HARVEST BAN HOTLINE NUMBER
9487 2190**

HARVEST AND VEHICLE MOVEMENT BANS

The Shire of Kondinin may impose a Vehicle Movement and/or Harvest Ban due to dangerous

fire weather conditions or if there are bush fires already burning. When imposed, any operation of machinery involved in harvesting crops, or other produce MUST come to a stop.

ANY BAN WILL BE COMMUNICATED VIA ABC LOCAL RADIO, RADIOWEST AND THE BUSH FIRE BRIGADES RADIO NETWORK

Farmers and personnel from relevant industries may subscribe to the Shire of Kondinin SMS Service for the communication of Harvest and Vehicle Movement Ban information by contacting the Shire office on 9889 1006. Some activities may continue during a Harvest and Vehicle Movement Ban at sites approved by and registered with the Shire. For more information, please contact the Shire of Kondinin or your local FCO.

REGISTRATION FOR SMS NOTIFICATION OF HARVEST & MOVEMENT BANS

For SMS notification of Shire of Kondinin's harvest & movement bans, please telephone your name, organisation and mobile number to the Shire of Kondinin on 9889 1006.

Listen to ABC Radio on 558 or 720AM.

CHRISTMAS DAY, BOXING DAY & NEW YEARS DAY

A Harvest ban and a ban on the movement of all vehicles and machines, including motorcycles, and the operation of internal combustion engines is imposed on Christmas Day, Boxing Day and New Years Day each year.

All other activities or operations may only be undertaken during Total Vehicle and Machinery Movement Bans on the Operation of Internal Combustion Engines after approval has been granted by Council. Approval has to be sought on an individual basis. Approval may be subject to specified conditions. It should be noted that approval may not be granted.

PERMITTED ACTIVITIES

1. Loading and offloading of grain, fertilizer and feed is only permitted on sites which are clear of all inflammable material save live standing trees to a radius of at least 50 metres with a laneway access. A mobile fire fighting unit shall be in attendance at all times.
2. Water carting for stock and domestic purposes provided it is accompanied by a mobile fire fighting unit, or alternatively, the water carting vehicle acts as the mobile fire fighting unit and meets minimum specifications.
3. All necessary travel to and from and within piggeries, sheep or cattle feed lots, provided this is undertaken with a mobile fire fighting unit in attendance.
4. All necessary carting of livestock provided that such a vehicle is accompanied by a mobile fire fighting unit.
5. Activities which received specific exemptions from Council or the Chief Bush Fire Control Officer.

Regulation 38A – Harvesting, Swathing/Baling of Stubble and Track Chaining:

Conditions: It is hereby notified for public information that **pursuant** to the power granted under Regulation 38A of the above Act, a person shall not operate a grain harvesting machine, or any machine used for swathing, baling or slashing of stubble and track chaining, on any land within the Shire of Kondinin except in accordance with the following specified condition:

Specified condition: No person shall operate grain harvesting machinery as stated above on any land unless one hand held water filled fire extinguisher (minimum capacity 7.5 litres) is filled in a readily accessible position on the machine and a mobile and operational firefighting unit, having a water capacity of at least **400 litres**, is situated in or immediately adjacent to the paddock where harvesting operations are being conducted.

BURNING INFORMATION

PERMITS TO BURN

Under the Bush Fires Act 1954, it is an offence to light fires during the Prohibited Time.

During the Restricted Burning Time, permits to burn are required. These may be obtained from the Fire Control Officer for your area or the Shire of Kondinin if the property is within the Fire & Rescue District.

RESTRICTED	PROHIBITED	RESTRICTED
PERMIT REQUIRED		PERMIT REQUIRED
30 September - 31 October	1 November - 15 February	1 March - 31 March

WHEN TO OBTAIN A PERMIT

1. For burning of bush and grass at any time between 30 September and 31 October inclusive and 15 February and 31 March inclusive.
2. For burning small heaps of garden refuse **outside** the hours of 6.00pm and 11.00pm during the same dates as (1) above.
3. For carrying out **protective burning** around dwellings and buildings pursuant to Section 23 of the Bush Fires Act until the 31 October.
4. Sunday burning is discouraged.

These times may be varied by the Shire of Kondinin depending on seasonal conditions.

Changes will be publicized in local papers and on the Shire of Kondinin website.

 ABC Emergency

MAJOR INCIDENTS

Messages to the community from the Incident Controller will be broadcast regularly on the ABC Radio tune to 558AM for updates

WHEN THE FIRE WEATHER FORECAST IS VERY HIGH, SEVERE, EXTREME OR CATASTROPHIC, NO FIRES MAY BE LIT AND ALL PERMITS ARE SUSPENDED

***Remember this Ratio = 1m of flame height requires 4m of distance**

to escape radiant heat.

A FIRE CONTROL OFFICER HAS THE AUTHORITY UNDER THE BUSH FIRES ACT 1954 TO HALT ANY ACTIVITY OR OPERATION THAT THEY DEEM AS HAZARDOUS OR LIKELY TO START A FIRE.

Application to Vary the Above Requirements

If it is considered to be impracticable for any reason whatsoever to clear firebreaks as required by this notice, you may apply to the Shire of Kondinin no later than 15 October in any year for permission to provide firebreaks in alternative positions on the land. If permission is not granted by the Shire you must comply with the requirements of this notice.

If the requirements of this notice are carried out by burning, such burning must be in accordance with the relevant provisions of the Bush Fires Act.

The Penalty for failing to comply with this notice is a fine not exceeding \$1000.00 and a person in default is also liable, whether prosecuted or not, to pay the costs of performing the work directed in this notice if it is not carried out by the owner and/or occupier by the date required by this notice.

GREAT WESTERN WOODLANDS

Currently, the first response to a fire outbreak in the Great Western Woodlands is to be undertaken by the local fire brigade.
