FIRE BREAKS REQUIRED

A reminder that Fire Breaks are required to be installed for properties in the Shire by the end of October.

If you have created a fire break by chemical means, please ensure the grass does not remain to allow fire to spread. Grass remaining in fire breaks may void insurance policies and cause fire to spread unintentionally.

Properties in town need to reduce the height of grasses in properties to reduce the fire risk as well. Letters will be going out to all owners that have long grass as a warning.

Prohibited Burning Period

Just a reminder that the 1st of November is the Prohibited Burning Season. Being that crops and grass are drying out very quickly and fires could be a threat at the moment.
